

## Public Comments Requested for Section 106 Project in St. Joseph, MO

Subject: Section 106 Review  
510 Kemper Street  
St. Joseph, MO  
Buchanan County  
Demolition using CDBG Funds

According to the City of Saint Joseph's Dangerous Building Inspector, the City of Saint Joseph has had a case on this structure since 2010. The ownership has changed at least four times and repairs have never been made to the structure.

Though the structure is older, St. Joseph Historic Preservation Staff determined that the property is not individually designated nor is it within a historic district though the structure is adjacent to both the Harris addition and the Kemper addition National Historic Districts. Due to that fact, we have determined that demolition will cause an adverse effect to our historic resources.
