	Scott Helsel, Plumbing Inspector		
	Mary Mathiot, Recording Secretary		

Call to Order.

Chairman Josh Hayes call the meeting to order at 4:00 pm.

ITEM #1 – Review Test

Chairman Josh Hayes stated the meeting with review of what we had decided in the past meetings. Garbage disposal drawing will stay with the test and the City of St. Joseph's policies will be attached. Journeymen need to pass the test with an average of 70% on all sections. A change to the ordinance was mentioned to have them pass each part by 70% but that was decided that would be too hard. A motion for the Master Plumbers we would have a Triple Water Heater drawing and draw how to hook them up properly. Chairman Hayes was first motion, Brian Weets 2nd it. (Hayes – Aye, Weets – Aye & Veale – Aye) Chairman Hayes mentioned that IAPMO could come in to administer the written part of the test, with charging a sponsor fee of \$100.00 by the City of St Joseph. The board then would do a more through practical test and they would have to pass each by 75%. Michael Veale stated that this would be like driving test, all questions come out of the book. They would have to take the written test and pass before the board would administer the practical test. Before the board decides to do this, they would like to review all 600 questions on the test and highlight what they would like to see on the test. The board would also like a list of approved grease receptors from Water Protection.

The meeting was adjourned at 4:35 pm, by Josh Hayes and 2nd by Brian Weets.

Minutes respectfully submitted,
 Mary Mathiot, Permit Clerk
