ST. JOSEPH CODE

ARTICLE I. IN GENERAL**Sec. 21-1. Park district established.**

The territory embraced within the corporate limits of the city, and the parks and boulevards lying outside of the limits of the city and under the control and jurisdiction of the director of parks, recreation and civic facilities, shall be comprised of one park district. (Code 1969, § 17-3; G.O. 1203, 8-1-94)

Charter reference(s)--Park districts, §§ 7.1--7.3.

Sec. 21-2. Openings, driveways into, across park, parkway, boulevard.

(a) No opening, driveway or roadway shall be made into or across any park, parkway or boulevard without a permit therefor from the director of parks, recreation and civic facilities and with the approval and authority, by ordinance, of the council. The application for such permit shall be made to the director of parks, recreation and civic facilities showing the proposed location, the grade and describing in detail the proposed specifications in order that the effect, if any, on existing or future park drainage and improvements located on such park, boulevard or parkway may be ascertained by the director of parks, recreation and civic facilities.

(b) All that portion of a driveway connecting private property with the roadway and lying between the lot line and roadway on all boulevards and parkways and other avenues under the control of the director of parks, recreation and civic facilities shall be constructed by the director of parks, recreation and civic facilities or under his supervision, at the expense of the property owner, and shall be of such width and construction as the director of parks, recreation and civic facilities may determine in each case. However, the maximum width required by the director of parks, recreation and civic facilities shall not exceed ten feet unless, at the request of the property owner, a special permit is granted by the director of parks, recreation and civic facilities for a greater width. Such driveways shall be constructed in accordance with the plans and specifications furnished by and under the supervision of the director of parks, recreation and civic facilities, and their location shall be with the consent of the director.

(c) No permit shall be issued for any opening or roadway destroying any improvements made unless such drains or sewerage required by the director are provided for in the proposed plans. (Code 1969, § 17-39)

Sec. 21-3. Sidewalks.

All sidewalks constructed on boulevards, avenues, parkways and in parks or other public grounds under the control or supervision of the director of parks, recreation and civic facilities shall conform as nearly as practicable to the requirements of sidewalks as provided by this code or other ordinances for sidewalks throughout the city generally. The director of parks, recreation and civic facilities may establish in each case the dimensions and specifications for construction of sidewalks, endeavoring so far as possible to keep the sidewalks uniform in character and appearance throughout each boulevard, park and parkway under his control and supervision. (Code 1969, § 17-40)

Sec. 21-4. Footways, walks.

(a) *Required.* On all boulevards, avenues, streets and parkways and other public grounds under the control of the director of parks, recreation and civic facilities there shall be constructed, at the expense of the property owner, footways or walks connecting private property with the public walk and also with the curblin when necessary. There shall not be more than one walk for each residence, except by special permission of the director of parks, recreation and civic facilities.

(b) *Location.* Such walks shall be located at such points and in such manner as the director of parks, recreation and civic facilities may designate and approve.

(c) *Width.* The width of such walks shall in all cases be established by the director of parks, recreation and civic facilities, and they shall be constructed of the same materials and in accordance with the plans and specifications governing the construction of public walks with which such walks connect.

(d) *Slope.* The rise of such walks or footways from the top of the curb to the property line shall be at the rate of one-fourth inch per foot. This rate

§21-53

of slope may be increased or diminished by permission of the director of parks, recreation and civic facilities when, in his judgment, such change will not be detrimental but will improve the appearance of such boulevard, avenue, parkway or other public place under his jurisdiction.

(Code 1969, § 17-41)

Sec. 21-5. Parkway access limited.

(a) No person shall place lines, pipes, wires, cables, conduit facilities, poles, towers, vaults, pedestals, boxes, appliances, antennas, transmitters, gates, motors, appurtenances or other equipment and systems that have a purpose related to the transmission or transportation of electricity, electronic signal, liquids or gases, wholly or partially in, above or underneath any park, parkway or boulevard without obtaining a permit therefor from the director of parks, recreation and civic facilities or his designee and without complying with all requirements, including approval requirements, stated in the Public Utility Right-of-Way Management Ordinance (Chapter 29, Article V) as if the park, parkway or boulevard were also right-of-way.

(b) The director of parks, recreation and civic facilities or his designee may issue a permit authorized under this section for any person to utilize a trenchless construction technology to place underground lines, pipes, wires, cables, conduit facilities and substantially similar systems designed to transmit or carry electronic signal, liquids, gases or similar materials directly across, but not parallel to or diagonally across, any parkway or boulevard.

(c) The director of parks, recreation and civic facilities or his designee may issue a permit for the placement of any lines, pipes, wires, cables, conduit facilities, poles, towers, vaults, pedestals, boxes, appliances, antennas, transmitters, gates, motors, appurtenances or other equipment and systems wholly or partially in, above or underneath any park, parkway or boulevard with the approval and authority, by ordinance, of two-thirds of all members of the council.

(d) Upon completion of any activity for which a permit pursuant to this section is obtained, the person who obtained the permit must return the park, parkway and boulevard affected by activities performed to substantially the same form, as determined by the director of parks,

recreation and civic facilities, or his designee, as they were in prior to the initiation of the permitted activities.

(e) The director of parks, recreation and civic facilities or his designee shall issue no permit authorized under this section for the placement of any above-ground poles, towers, vaults, pedestals, boxes, appliances, antennas, transmitters, gates, motors, appurtenances or other similar equipment and systems within 15 feet of any parkway or boulevard unless such facilities' or structures' primary function facilitates the safe use and operation of the parkway or boulevard.

(f) Notwithstanding the requirements stated herein and in the Public Utility Right-of-Way Management Ordinance (Chapter 29, Article V), any person obtaining a permit under this section shall, at the discretion of the director of parks, recreation and civic facilities, or his designee be required to compensate the city for the placement, maintenance, operation or presence of items for which a permit is obtained.

(g) The requirements and restrictions of this section shall not apply to the city, including utilities owned and operated by the city.

(h) The requirements and restrictions of this section shall apply neither to uses and activities that occur wholly within a park, parkway or boulevard and do not serve a use or facility outside the park, parkway or boulevard at the time the use or activity occurs, nor to the placement of lines, pipes, wires, cables, conduit facilities, poles, towers, vaults, pedestals, boxes, appliances, antennas, transmitters, gates, motors, appurtenances or other equipment and systems when such placement lasts less than seven days.

(G.O. 2429, 3-5-12)

Sec. 21-6. Protection of park property.

(a) *Damage to park property.* No person shall willfully mark, deface, disfigure, tamper with, displace, or remove any buildings, tables, benches, fireplaces, trees, shrubs, flowers, or any other park property or appurtenances within any park, parkway, or boulevard except when authorized by the director of parks, recreation, and civic facilities, or his or her designee, or when such efforts are completed pursuant to a contract with the city.

(10/1/22)

(b) *Installations on park property.* No structure, booth, tent, stall, path, trail, or other fixture shall be erected, constructed, or created on park property for any purpose except when authorized by the director of parks, recreation, and civic facilities, or his or her designee, or when such efforts are completed pursuant to a contract with the city.

(c) *Application process.* The director of public works and transportation may establish reasonable application and review procedures for projects to be authorized in accordance with the requirements of this section and may delegate approval authority to other city officials.

(d) *Exception; customary maintenance.* Minor maintenance activities that do not materially change the parks property and that are customarily completed by parks users may be performed without the authorization required by this section.

(G.O. 2972, 11-30-20)

Sec. 21-7. Naming of parks and parks facilities.

(a) *Board consideration.* All parks and parks facilities that are named or renamed shall be presented to the parks and recreation board to consider and make a recommendation regarding the naming or renaming of any park or parks facility. The naming of parks and park facilities shall be approached with caution, patience, and deliberation.

(b) *Naming association.* Any proposed park or park facility name must be associated with the following:

- (1) the geographic location of the property or facility.
- (2) the property or facility purpose.
- (3) natural or geological feature within the city.
- (4) a person or organization that contributed significantly to the acquisition or development of the property to be named; this can include either the contribution of real property or substantial monetary contribution toward acquisition and/or development of the property (typically

not less than 50% of the value of the property or improvements).

- (5) outstanding accomplishments by an individual or organization for the good of the community.
- (6) a person or organization who provided an exceptional service to the city.

When parks or parks facilities are named after a person or organization, the quality of the contribution along with length of service should both be considered.

(c) *Eligibility.* The following eligibility criteria apply:

- (1) *Public officials.* While serving in a public office, public officials shall not be considered as a candidate for naming.
- (2) *Living individuals.* Parks or parks facilities shall not ordinarily be named for a living person unless stipulated by a donor as a condition of the donation; when considering naming a city property after an individual, a period of at least two years shall have passed following the death of such person to allow perspective and an appropriate period of reflection.
- (3) *Historic events.* Parks or parks facilities shall not ordinarily be assigned a name that is related to a historical event or individual accomplishment until at least one year following the date of the event or accomplishment.
- (4) *Deed restrictions.* Parks or parks facilities that have been named, or retained names, by deed transferring property to the city shall not be eligible for renaming.

(d) *Submission.* Names must be submitted to the director of parks, recreation, and civic facilities, together with a description of the eligibility and a narrative explanation of the reason for the submission and signatures of at least 250 people who support the submission. The submission should also describe financial contributions the submitter and supporters will provide for signage or commemorative materials related to the renaming. All submitted material

§21-53

should be provided to the parks and recreation board by the director.

(e) *Recommendation.* The parks and recreation board's recommendation shall be submitted to the city council to consider any naming. Final naming or renaming shall be subject to city council approval by ordinance or resolution.

(f) *Future names.* Designation of a name shall not prohibit renaming of the park or park facility at a future date, the designation of a sunset for the name at the time of approval, or the removal of a name. Parks and park facilities named after individuals shall not be changed unless changed by an ordinance of the city council.

(g) *Program rules.* The director of parks, recreation, and civic facilities has authority to establish other reasonable rules related to naming parks and park facilities.

(h) *Sponsorships.* This section shall not apply to the temporary naming of a facility in exchange for a monetary contribution for sponsorship. (G.O. 3031, 5-16-22)

Secs. 21-8--21-30. Reserved.

ARTICLE II. IMPROVEMENTS*

Sec. 21-31. Advertisement for bids required.

Whenever the director of parks, recreation and civic facilities shall provide, as otherwise required by law, for the grading, regrading, paving, repaving, curbing, recurbing, guttering, reguttering, and otherwise improving any roadway, parkway, boulevard or avenue or part thereof, including construction, reconstruction, repair and maintenance of bridges, viaducts and sidewalks, the director of parks, recreation and civic facilities shall, before letting any contract for any of such work, insert in a daily newspaper of general circulation, published in the city, a notice to be published one day. The notice shall describe the work to be performed and notify all persons that on a date to be fixed in such notice, which shall not be less than five days after the date of publication of the notice, the director of parks, recreation and civic facilities will receive

*Charter reference(s)--Public improvement, art. VIII.

Cross reference(s)--Public improvements and special assessments, § 2-1151 et seq.

sealed bids for the performance of such work as shall be described in the notice and that a contract may be awarded pursuant to the notice. In computing the time for receiving bids, the day of the insertion of the notice and the day on which bids are finally received shall be excluded. (Code 1969, § 17-34)

Charter reference(s)--Bid requirements, § 8.4.

Sec. 21-32. Filing of plans, specifications.

Plans and specifications for the doing of all work for which bids are advertised as provided in Section 21-31 shall be on file in the office of the director of parks, recreation and civic facilities between the time of the publication of the notice provided for in Section 21-31, and the day on which the contract shall be awarded, for the inspection of such persons as may be interested in such work. (Code 1969, § 17-35)

Sec. 21-33. Certified check.

All bids submitted for the doing of any work provided for in this article shall be accompanied by a certified check for five percent of the amount of the bid. (Code 1969, § 17-36)

Sec. 21-34. Opening, accepting, rejecting bids.

All bids for improvements as stated in this article shall be in the hands of the director of parks, recreation and civic facilities at the time and on the date fixed in the notice required by Section 21-31 and shall be opened thereafter on such day by the director of parks, recreation and civic facilities. If the director shall be satisfied that the lowest and best bid for the doing of such work is reasonable, the contract may be let to such bidder. If in the opinion of the director of parks, recreation and civic facilities the bids are excessive or otherwise unsatisfactory, the director of parks, recreation and civic facilities shall have the right to reject any and all such bids and readvertise the request for bids. (Code 1969, § 17-37)

Sec. 21-35. Contracting with successful bidder.

If the bid for improvements as stated in this article of any person shall be accepted by the purchasing agent and director of parks, recreation and civic facilities, the mayor, with consent of the city council, shall enter into a contract with the bidder so selected in the manner and form as provided by law relative to contracts for public improvements, and such bidder shall execute to the city a bond to be approved in the same manner as other bonds executed to the city and shall in all respects comply with the statutes applicable to bonds required for the performance of work under the contracts for public improvements. If the successful bidder shall fail to execute such bond within five days after having been awarded such contract, the bidder shall forfeit to the city any sum which may have accompanied his bid.

(Code 1969, § 17-38)
